

# KBSOUND BT App “Quick Reference Guide”

## 1. KBSOUND BT App Installation

iOS DEVICES

Tap the Apple App Store on the iOS Device to download the KBSOUND BT App.

ANDROID DEVICES

Tap the Google Play Store on the ANDROID Device to download the KBSOUND BT App.

## 2. Bluetooth Pairing and Connection

Once the KBSOUND BT App has been installed, the Device has to be correctly paired and connected with the Master. The first time the Device is going to be paired with the Master, the KBSOUND BT identifier and password will be the factory defaults. This data can be found on the label attached and on the Master unit.

**Warning:** the first time you connect the KBSOUND BT App with the Master, it is necessary to be connected to Internet in order to validate the Master.

iOS Devices

ANDROID Devices

**Important ANDROID Devices:** be sure the KBSOUND BT App is closed, not running in background.

## 3. Open KBSOUND BT App

1. Be sure that the Device is connected with the Master.
2. Tap the KBSOUND BT App on the Device.
3. The first time you open the App, the FM screen will be shown as App's default.
4. Tap the Master (🔌) button to switch ON/OFF the system.

## 4. Listen FM & Bluetooth Audio Streaming
